

June 7, 2018

Dear Parents/Guardians;

Enclosed you will find forms for Athletic Participation at Holy Family School.

The Pre-participation Physical Evaluation form must be filled out by your family physician in order for your child to be eligible to take part in sports programs at Holy Family School.

This evaluation is valid for any sport your child participates in for the 2018-2019 school year (even if your child does not plan on participating until winter or spring). Send your completed forms to the school office where copies will be kept on file. We hope that by sending these forms early in the summer it will give parents more time to take care of this matter.

No child will participate in a fall, winter, or spring sport without a completed medical form.

Thank you,

Ronald Hryb, Athletic Director
